Additional Learning Needs

Most children and young people will make good progress and will not have **Additional Learning Needs** (ALN) or require **Additional Learning Provision** (ALP). The individual needs of these children and young people will be met within **universal provision**.

Degree of complexity – can move up or down depending on individual pupil needs

'Effective whole school practice and inclusion of all pupils. School delivers high quality routine teaching to meet individual pupil needs.

ALN identified, and school based IDP in place. Advice and support from outside agencies can be sought.

An LA maintained IDP is required, where the school requires additional specialist resources to meet the ALN of the learner.

Outdoor Learning in Year 4

Activities are planned to tie in with the current learning journey or to consolidate prior learning in different curriculum areas.

Pupils develop their creative and design skills through forest school activities. Here they have created an obstacle course where they had to lead a partner through who was blindfolded.

How can I help my child at school?

- Encourage your child to be independent e.g. responsibility for tidying their bedroom, helping set out everything for dinner, help with cooking, tidying their bedroom, etc.
- Help your child to go over maths work each week via the maths planning shared on Google Classroom e.g maths work, practising spellings using various strategies, reading their home reading book and Bug Club
- Help them to foster an enjoyment of reading by reading to them and with them regularly.
- Enjoy the outdoors together!

I don't believe in the kind of magic in my books. But I do believe something very magical can happen when you read a good book.
